Recommendation #1
That the Faculty Senate position on the Rice University Athletics Committee (RUAC) be made into the Senate Athletic Representative (SAR). This figure would facilitate discussion in both directions between Faculty Senate and Athletics. To avoid confusion, the SAR should not change the role of the Faculty Athletic Representative to the NCAA (FAR), but would instead assist the FAR and be a resource.

Recommendation #2
That Rice should join COIA and that the SAR should also be the COIA rep. This should involve very little, if any, additional work unless the SAR wishes to become more active in COIA.
